

Indian Society for Non-Destructive Testing

(ISNT)

The Indian Society for Non-destructive Testing (ISNT) is the society for NDT professionals and practitioners which offers invaluable resources, information and linkages for industrial quality development and professional development to its members.

The objective of the Society is to promote the awareness of NDT Science and Technology through education, research and exchange of technical information within the country and internationally to its members and other professionals using NDT. The family of ISNT has more than 5000 strong members. It is a diverse and dynamic family of professionals representing NDT technicians, scientists, engineers, researchers, manufacturers and academicians – all dedicated to improving product safety and reliability. These specialists represent virtually every industry and discipline that may benefit from NDT technology.
